how ernie's began:

When carpenter Ernie Ritari and his family moved to Squaw Point from Brainerd in 1917, they made their way through jack pine and hazel bush to get here. Back then the East side of Gull Lake was just a gravel road - a half days ride by horseback from Brainerd. Ritari and immigrant from Finland in the 1800's did not allow Vodka on his camping and fishing resort due to his bitterness against the Russians.

His wife Edna tended bar and cleaned cabins while their dog Toby enjoyed ice cream before every guests drink. Ernie rented ten boats and usually had five families mainly from Minneapolis and Iowa join him during the summer months. Ernie, Edna and Toby were among the few who stayed year round in East Gull Lake. The Ritari's were famous for their community pig roasts and later built two cabins and installed housekeeping equipment.
